

LFSC New Member Sponsorship

Effective June 20, 2021

Starting at the July 27, 2016 orientation, all new proposed members must be sponsored by a current adult LFSC member, or the primary member of a family membership, in good standing (current dues paid and no pending club related issues).

- The sponsor must verify their sponsorship for the new member in accordance with the instructions provided in the LFSC email reply to the new member request. The sponsor signature will be verified using renewals or original application forms.
- The sponsor is not required to attend the orientation with the proposed member, but is welcome to do so for informational purposes.
- In cases where face to face orientations is cancelled, the sponsor must still verify their sponsorship. The sponsor signature will be verified using renewals or original application forms.
- The proposed member will be on a probationary status for one year from the date of being voted into membership. The sponsor will share responsibility for the new member's actions while on club property. This does not mean the sponsor is obligated to be with the new member. However, we recommend that the sponsor spend time at the club with the new member in order to familiarize them with the ranges and club rules.
- After the probationary period of one year, the sponsor will no longer share responsibility for the actions of the new member.
