

[Know H.O.W. Dynamics](#) offers several different courses that range from beginner's introduction to advanced tactics. This tiered system allows shooters to advance their training levels in becoming a more prepared shooter. Beginning with Basic Pistol Intro, new and novice shooters are introduced to safe firearm handling, manipulation, and function in a relaxed coaching environment. Intro to Concealed Pistol prepares shooters for everyday carry to include holster choices and placement on the body as well as dealing with a potential lethal force situation. Advanced Pistol develops, not only the shooters abilities, but their mental capabilities during shooting. Intro to AR pattern Rifle provides understanding of safe rifle handling and manipulation, and will cover the setup of optics and accessories for your rifle. Full course descriptions are listed under the "FIREARMS COURSES" tab on our website. Currently scheduled upcoming courses as well as their times and locations are listed in the "STORE" tab.

[Know H.O.W. Dynamics](#) offers several other advanced courses for the shooter as they progress in their development. Please visit our website for more information on "Vehicle Defense", "Structure Defense", and "Castle Course".
